CSM Outreach Strings Programme

Your child can learn to play a string instrument at school with the CSM Outreach Strings Programme

Children who learn music build confidence, increase their learning abilities, sharpen organisational skills and gain valuable social, physical and academic skills. Most importantly learning an instrument in the Outreach Strings Programme is fun. In the strings programme we teach violin, viola and cello.

Students receive a lesson each week (either individual or in a group of two or three) and will also have time in a small ensemble. Lessons and the ensemble happen during school time.

Your child will play in concerts at their school and in concerts organised by the Christchurch School of Music with other orchestras, ensembles and groups. The Outreach programme works closely with the CSM Junior Symphony Orchestra (JSO)

What will it cost?

We teach in your child's school for 32 sessions throughout the year. Each term can have a different number of lessons depending on the other activities happening at the school and children's timetables.

The cost for the Outreach Strings Programme is \$600.00 per year. This is invoiced by term (\$150.00). We can also arrange a weekly payment plan if that suits better. If you have a community services card you may be eligible for a 50% discount on the base fee. This is dependent on the availability of grant monies.

Hiring an Instrument

You can hire an instrument from CSM. The cost for a violin is \$160 per year (\$40.00 per term) and a cello is \$240 per year (\$60 per term). You can also hire instruments from Musicworks and KBB Music. Your school may also have instruments available.
